SCORING

STROKE - The player's card is held by a marker. The marker shall record the player's gross score for each hole in the "player" column. The aggregate for each nine holes shall be recorded in the "in" and "out" places, and added to obtain an 18 hole total. The player's handicap is deducted and recorded as the net score. The results are marked at the top right of the card by the marker who the signs and dates the card. The card is then checked and signed by the player.

HANDICAP ALLOWANCE - For handicaps 18 to 36, a stroke is allowed for each hole, plus an additional stroke is allowed on each hole for those holes having a stroke index equal to or less than the value by which the player's handicap exceeds 18. Similarly, for handicaps 36 to 45, two strokes are allowed for each hole, plus an additional stroke on holes where the hole index is equal to or less than the value by which the player's handicap exceeds 36.
